Solutions

Certification

BSCI

The amfori Business Social Compliance Initiative (BSCI) is an industry-driven movement that aims to monitor and assess workplace standards across the global supply chain.

FDA

The FDA means that a company must demonstrate that its drug or biological product is safe and effective for the intended use, and that it can manufacture the product to federal quality standards.

FSC

An obvious choice for manufacturers of FSC certified disposable wooden and bamboo tableware ensuring that the products come from responsibly managed forests. Search for our FSC certified products.

BRCGS

The standard is designed as a "total quality management" program, and includes both tableware materials requirements and quality requirements.

EUDR

On 29 June 2023, the Regulation on Deforestation-free Products (EUDR) entered into force. Under the Regulation, any operator or trader who places these commodities on the EU market, or exports from it, must be able to prove that the products do not originate from recently deforested land or have contributed to forest degradation.

SGS testing

Our disposable tableware has passed rigorous testing by SGS and is certified to relevant EU and US standards. This allows us to effectively guarantee the safety, compliance, and consistent quality of our products, enabling us to establish strict quality control objectives and implement efficient execution plans.

菏泽佳讯木业有限公司

HEZE JIAXUN WOOD INDUSTRY CO., LTD.

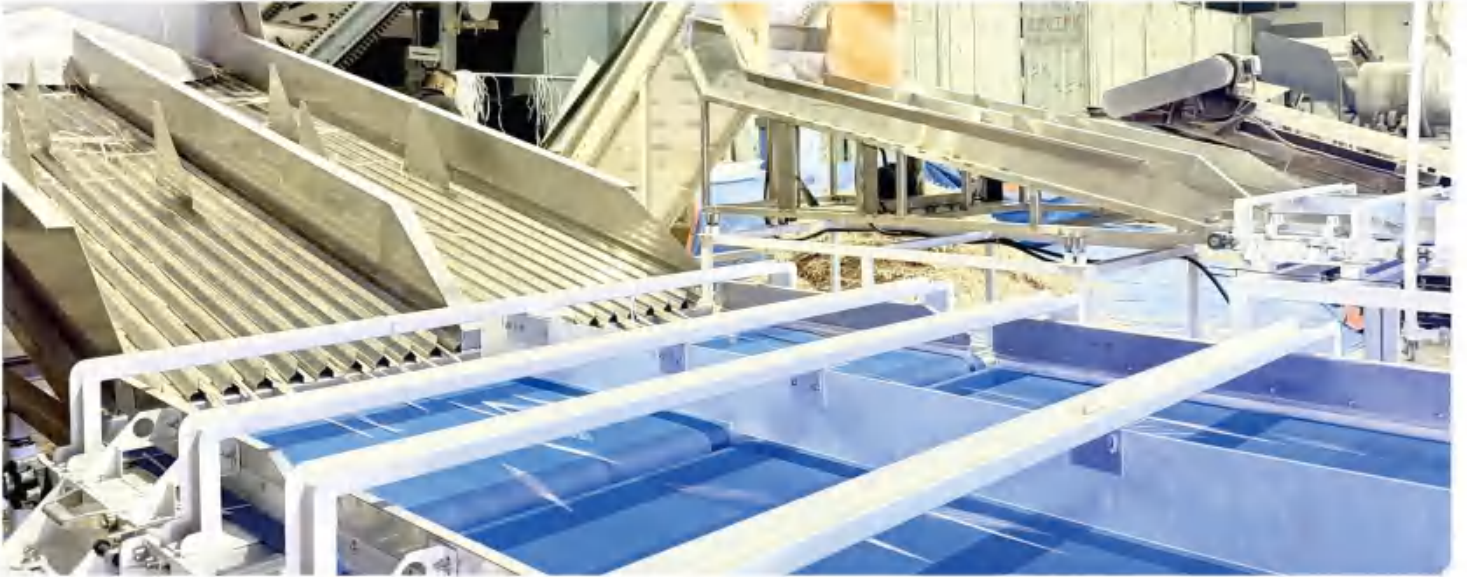

Jiaxun Wood Industry is a premier integrated enterprise spearheading the global disposable tableware sector. Built through a long-standing commitment to industry excellence, we have evolved into a leading force in the market.

Our operational footprint encompasses multiple strategic production bases supported by specialized international trade divisions. This integrated structure ensures seamless coordination and allows us to maintain rigorous quality control across our entire global supply chain.

We reached a significant milestone in our expansion by establishing a strategic international manufacturing facility. This facility ensures our entire supply chain is anchored in FSC-certified, sustainably managed forests, maintaining full compliance with the most stringent international environmental regulations and deforestation standards.

Driven by an expert team and a steadfast commitment to excellence, Jiaxun Wood Industry upholds rigorous standards across the entire value chain—from precision manufacturing to comprehensive after-sales support. Our products are trusted by leading global brands and are currently distributed through an extensive international network reaching markets worldwide.
